

Actions to be taken

ACCIDENT WITH PHENOL

(n° CAS 108-95-2)

DANGER! Mutagenic 2, toxic, corrosive

IMMEDIATE ACTIONS

In case of skin splashes

- **Rinse** with clear water for at least **15 minutes**.
- **Call the SAMU** if the contaminated surface is > 10% of the body surface (10% = head or upper limbs).

Splashes in eyes

- **Rinse thoroughly** with plenty of clear running water for at least **5 minutes**, hold eyelids wide open, head tilted back and the affected eye looking downwards.
- Contact lenses tend to get washed away on their own, do not try to manually remove them.
- **Do not use any collyre** or eye solution.
- **Always consult an ophthalmologist.**

In case of inhalation of vapors

- Leave the contaminated room and go into the open air.
- **For first aid**, wear a self-contained breathing apparatus or, if not possible, a full cartridge mask (ABEK EN 14387 type).
- **Consult a doctor urgently** even in the absence of symptoms (breathing difficulties, etc.).
- **In case of massive inhalation**, call:
 - SAMU (15 or 112),
 - Firefighters (18),
 - By SMS for the deaf and hard of hearing (114).

IN ANY CASE

- **Declare the accident** (medical certificate required).
- Inform your **safety manager** immediately.
- All injuries are to be reported using the **occupational health and safety logbook**.
- Report all incidents to the **Occupational Health Doctor** for investigation and follow-up.

PROTECTION MEASURES

- **Handle under CMR** (mutagenic 2) **fume hood** (sorbonne) in a defined and marked area.
- **Wear protective glasses** with side shields, suitable gloves and a closed gown.
- **Use ready-to-use** solutions if possible.
