

Inserm-UCL Visiting fellowship scheme – 2026/2027

Evaluation criteria

The Visiting fellowship scheme, in line with Inserm's policy on equal opportunities and parity, will follow the ambition and recommendations of the [plan for professional equality between women and men](#) and will pay particular attention to gender balance.

Inserm researcher:

Unit /Lab :

Evaluation criteria
1. Strength of the CV Are the CV and career journey fitting with the ERC requirements?
Comments
2. Does the applicant provide a clear and convincing explanation of how participation in the fellowship will strengthen understanding of ERC proposal development, submission, and evaluation criteria? Does the applicant seem “ready” for an ERC application?)
Comments
3. Does the applicant expresse a clear intention to apply for an ERC grant, preferably an ERC Starting Grant, within the next two years. Alternatively evidence of another large funding body / scheme the participant is looking to apply for within the next 1-2 years
Comments
4. Does the applicant demonstrate strong potential for long-term collaboration and network building, with particular emphasis on existing or emerging French-UK research partnerships.
Comments
5. Is there evidence of institutional commitment from the prospective ERC host institution, including the quality of endorsement and support for the applicant's ERC ambitions.
